

# Mayfield Medical Practice

Dr K S Krishan MB ChB FFSRH

Mayfield Medical Centre, 272 Willenhall Road, Wolverhampton, WV1 2GZ

Tel: 01902 351666 | Fax: 01902 575119

The Surgery, 60 Cromwell Road, Bushbury, WV10 8UT

Tel: 01902 784784 | Fax: 01902 688555

## **Patient Participation Group Report 2018-19**

### Introduction

Mayfield Medical Practice consists of two different sites. Mayfield Medical Centre on 272 Willenhall Road, Wolverhampton, WV1 2GZ and Cromwell Road Surgery on Cromwell Road, Bushbury, Wolverhampton, WV10 8UT.

The Lead GP Dr Krishan and 3 other doctors work at the Practice and 2 Advanced Nurse Practitioners, 2 Practice Nurses, a Healthcare Assistant and a phlebotomist who work across both sites.

Cromwell Road Surgery was purpose built in 1987 and Mayfield Medical Centre in 2006. The Practice has a list size of approximately 8,100 patients.

The Practice has an active Patient Participation Group which was set up in 2012 and this group has now established regular meetings. The Practice welcomes feedback from patients and our priority is to improve our services for the benefits of our patients.

Resulting scores are designed to prompt and encourage the improvement of care in practices where there are perceived signs of weakness in relation to benchmark in a particular category and we are pleased to enclose below the relevant copy of our report which summarises our achievement highlighting where more work is needed. To address this we will produce our action plan to work to during the coming months.

## **Practice Opening Hours:**

Monday 8.00 am – 7.00 pm  
Tuesday 8.00 am – 6.30 pm  
Wednesday 8.00 am – 8.30 pm  
Thursday 8.00 am – 7.00 pm  
Friday 8.00 am – 6.30 pm

Patients can contact us by telephone on:  
01902 351666 - Mayfield Medical Centre  
01902 784784 - Cromwell Road Surgery

By email at:  
[enquiries@mayfieldmedicalpractice.nhs.net](mailto:enquiries@mayfieldmedicalpractice.nhs.net)

Online Access to Medical Records, Booking and Cancelling Appointments and Repeat Prescriptions via the practice website.  
[www.mayfieldmedicalpractice.nhs.uk](http://www.mayfieldmedicalpractice.nhs.uk)

The Practice offers extended hours appointments on Wednesday evenings up to 8.30pm

## **Patient Participation Group (PPG)**

Mayfield Patient Participation Group has currently 21 (23 prev) active patient members of which 8 are men and 13 are women. There are 12 members aged over 55 and 7 members aged under 55, 2 under 30. 9 describe themselves as White or White British, 5 members as British Mixed, 3 Indian or British Indian, 1 Chinese, 2 Other White. 8 members of the group have 'long term medical conditions.

The Practice has compared the demographics of its patient participation group to that of its practice population and found that the relatively young and patients without long term conditions, ethnic minorities has increased slightly over previous years.

The Practice will continue to advertise and actively seek new members for the group. The Practice will continue to advertise on the website and posters in the Practice in an attempt to recruit new members. The Practice will be specifically advertising for new members from categories of patients currently under-represented in this way this coming year.

Demographics continue to show that those registered with an email address are relatively young and tend not to have long term conditions or attend surgery often. Nevertheless these patients have still been targeted for the group.

## Other Actions and Notes

We have analysed and improved our clinical staffing across this year. We have again increased GP sessions and have a newly qualified practice nurse who we have trained. This has helped with an increase in demand throughout the year.

The practice moving forward into 2019 has implemented a new QOF+ (Quality and Outcomes Framework Plus) for our patients who either have a chronic disease or for who we are trying to screen to see if they may be pre-chronic disease. Some areas included Pre-Diabetes and Obesity. We are excited to add these additional areas to our on-going recall and review system for our patients and are starting to see good outcomes.

With the new GDPR regulations sharing of information with patients has changed. We worked hard during this transition in regulations to try and ensure all patients who want regular contact from the practice remain to get it in the way that they did prior to the change in regulations.

## Practice Survey 2018-19

The PPG agreed for the GPAQ Practice Survey 2015 R2 to be used and administered to patients. It was available in reception and waiting areas. 127 patients responded to our survey.

The full results of the survey are available to view on our Practice website and hard copies made available in the waiting room. Areas of priority were identified.

The group discussed the results of the survey and were pleased with the positive results. Highlights of the results are that 91% of the respondents rating the practice good or excellent for quality of receptionists, 89% at understanding doctors treatment and explanation of treatment towards them, 97% felt the quality of care provided by the practice nurses was high and 90% rated they had an excellent overall experience with the practice. We are very happy with these results as they continue to show the continued excellent work of the clinicians and the continued excellent work of the staff.

The following areas of priority were agreed for the action plan.

## Actions/Targets Taken from 2017-18 PPG Survey

Lack of telephone system capacity:

This is an on-going improvement for the surgery. During the year we were unable to secure adequate funding for improvements to the telephone system call waiting and handling and this remains something that we will continue to try and invest in over the coming year.

Encourage younger members on to the PPG:

Staffs have been pro-active on reception in encouraging younger members to join the PPG. We have this year managed to make inroads into this matter. We have

encouraged members into the under 30's and the 30-40 years old categories yet again. We have made inroads into this across the year and will continue to promote.

Look & improve waiting times:

We constantly review our waiting times and access to the surgery. We are adding to the clinicians available during our extended hours by providing appointments with Advanced Nurse Practitioners. This year has seen an increase in the amount of appointments that we offer across these sessions and the patients have seen the benefit.

Areas of Priority and Agreed Action Plan

Survey Finding	Agreed Action	Action by who	Action by	Date Complete
Lack of telephone system capacity	Increase telephone capacity	Senior management team	To continue to look into appropriate systems 2019-20	On-going, funding dependent
Encourage younger members on to the PPG – additional target	Younger member/members on PPG	All staff	March 2020	Stretch goal to continue to promote
Electronic Opening Doors to Surgery and Internal Fire Doors (Surgery is already DDA Compliant)	Awaiting Next Allocation of funding	Senior management team	Continue to look into systems 2019-20	Awaiting Next Allocation of funding
Promote Online Services for practice populations	Advertise and encourage patients to use service	Senior management team	April 2019 (promotion)	March 2020

## Detailed Results Table

	Male	Female	Overall
<b>Number of Questionnaires</b>	<b>60</b>	<b>67</b>	<b>127</b>
<b>GP</b>			
Q1 Putting you at ease?	88.3	95.0	91.6
Q2 Being polite and considerate?	94.4	95.0	94.7
